Dear Editorial Team,

In addition to our previous coverletters, please see our answer below in connection with the request for additional edits to our manuscript files.

1) As you no longer provide the source data files on the manuscript tracking system - please amend any citations of the 'source data file' within the manuscript files to direct the readers to the Zenodo link

We have changed the captions of Figures 2–7 by replacing “... are provided as Source data files” with “are provided at [10.5281/zenodo.14749162](https://doi.org/10.5281/zenodo.14749162)”.

Yours sincerely,
(on behalf of the authors)
